PROFESSIONAL SUMMARY

MCA student and BCA graduate with foundational knowledge of Java, Python, SQL and web technologies. Gained practical exposure to full-stack development and machine learning through academic projects and internships. Interested in technology and problem-solving, with a strong willingness to learn, strengthen technical skills, and gain real-world industry experience.

EDUCATION

Degree	Institution	University/Board	Year
Master of Computer Applications (MCA)	Maharaja Institute of Technology, Mysore	Visvesvaraya Technological University (VTU)	2025 – Present
Bachelor of Computer Applications (BCA)	IZEE Business School, Jigani Bangalore	Bangalore University	2022 – 2025

SKILLS

Programming Languages: Java, Python, PHP, JavaScript
Frontend Technologies: HTML5, CSS3, React, TypeScript
Backend Technologies: Node.js, Express.js
Databases: MySQL, SQL

SOFT SKILLS

Communication | Adaptability | Teamwork | Leadership | Time Management

INTERNSHIP

Prinston Smart Engineers | Machine Learning Intern — May 2025 - June2025

- Learned the fundamentals of machine learning using Python and worked with Pandas, NumPy, Matplotlib, Scikit-learn, and data preprocessing techniques.

EduTantr Consulting | Full Stack Development Intern — Nov 2024 - Feb 2025

- Developed and deployed full-stack web applications with dynamic front-end interfaces and scalable back-end services.

PROJECTS

TripGenie – Budget Travel Planner

React | TypeScript | Node.js | Express.js | MySQL

- Developed a full-stack budget travel planning application that helps users explore destinations and organize trips based on their travel requirements and budget.

Driver Drowsiness Detection System

Python | OpenCV | Scikit-learn | Machine Learning

- Developed a real-time Driver Drowsiness Detection System using Python and OpenCV to identify signs of driver fatigue through computer vision and image processing.

CERTIFICATIONS

- Java Programming Fundamentals Specialization — IBM / SkillUp
- Data Structures and Algorithms Specialization — Coursera
- Software Development Lifecycle Specialization — Coursera
- Introduction to Web Development with HTML, CSS & JavaScript — IBM | Coursera
- Database Management System — IBM / Coursera
- IBM UI/UX Designer Professional Certificate — IBM / SkillUp
